Field Trip to Pulicat Bird Sanctuary

As a part of curriculum the departments of Botany ;Zoology jointly organized a field trip to the UG and PG students to visited the Pulicat Bird Sanctuary at Atakanitippa, in Tirupati district. on 08.08.2025 to know the different types of migratory birds and their structural ;migratory and feeding skills.

On 08.08.2025 we started at 10 am from SVSSC.Govt.Degree College, Sullurpeta and reached Pulicat Bird Sanctuary at Atakanitippa by 10.30 A.M. Where D.V Ramanaih, FRO Pulicat range; sullurpeta briefed about the migratory birds, and their activities at the Pulicat lake Bird Sanctuary. He told that the forest security division taking various steps to prevent the mishandling towards the birds from the visitors. Then we visited birds Museum in the Pulicat bird sanctuary. Students showed very much interest to look the different species of birds photos like flamingos, and their voice recordings, Then students observed the photographs of birds and their description. Students interacted with guide Mr.Anthony explained the valuable points about the migratory birds. Students acquired knowledge about the migratory birds. After lunch we finished off our trip by the 4:00 P.M and returned back to the College. The students were accompanied by two faculty members Dr.P.Victoria Rani. Lecturer in Botany and Sri.S.Srinivas, Lecturer in Zoology.

Altogether the field trip was knowledge oriented and students got knowledge about the migratory birds at Pulicat Bird Sanctuary, Atakanitippa.

A Report on Field Trip to Nelapattu

As a plan of curriculum, the departments of Botany and Zoology organized a field trip to the 1st and 2nd year B.Sc students to visit the "Nelapattu Bird Sanctuary" in Tirupati district, on 19.11.2025 to know the environmental conditions; biodiversity and why the birds come to the Nelapattu every year. We observed different types of birds and study the environment at Nelapattu as a part of curriculum.

On 19.11.2025 we started at 10 am from SVSSC Govt. Degree College, Sullurpeta and reached Nelapattu by 11:00 A.M. The FRO, Sowjanya reddy; Nelapattu division explained about the different types of jobs and how to get employment in the forest department and also explained about the plan for coming Flamingo Festival in January -2026. Then we visited migratory birds area at Nelapattu. Students showed very much interest to see the different types of migratory birds and take the photos and selfies of the migratory birds. Students interacted with guide arranged by the FRO, Nelapattu to know the bird's information. FRO, Nelapattu arranged binoculars to see the birds closely. The forest department took several protective measures for birds to prevent the disturbance from the visitors. Students acquired knowledge about the migratory birds and seasonal migrations. Students also visit the birds museum at Nelapattu bird sanctuary. After lunch we finished off our trip by 5:00 P.M and returned back to the College. The students were accompanied by two faculty members Dr.P.Victoria Rani, Lecturer in Botany and Sri, S.Srinivas, Lecturer in Zoology.

On this whole field trip was knowledge oriented and students got knowledge about the Biodiversity and environmental conditions at Nelapattu Bird Sanctuary.

Report on Study tour to the SHAR on 6-10-2023

As a part of curriculum ,the department of Zoology organized a Study tour to the B.Sc biology students to visit the "SDSC SHAR"at Sriharikota ,in Tirupati district,on 30.07.2025 to know about the rockets and how they are launching the rockets and the environmental conditions and protective messures in the SDSC shar.

On 30.07.2025 we started at 9 am from SVSSC.Govt.Degree College,Sullurpeta and reached the SHAR by 9.30 A.M. Where the security Officer checked us as per protective protocols and allow us in to the shar. In the shar they arranged a bus and a guide to observe and obtain the knowledge .first we visit the auditorium where they play some important past launching videos. Next we visit the shar library for more information about the satellites and how they are launching. Finally we visit the launching pads there the concerned technicians explained us about the launching pads and what steps they took during the launching time at launching pads.Students interacted with guide arranged by the SHAR and know the satellites and lunching information .Students acquired knowledge about the climate conditions at SHAR. After lunch we finished off our trip by the 2 P.M and returned out from the shar . Next we visit the shar museum locater behind the shar. In the museum we saw the different models of rockets and photographs of different instruments necessary for the launching. The students got lot of knowledge about satellites. After visit the museum we finished off our trip by the 3:30 PM and returned back to the college. We are accompanied by our faculty members and students of different groups.

On this whole, the study tour was knowledge oriented and students got knowledge about the Satellites and launching techniques.

Report on Field trip to the Kasimedu (Fishing harbor) on 08.02.2026

As a plan of curriculum, the department of Zoology organized a field trip to the UG and PG students to visit the " Kasimedu fishing harbor at Chennai ", on 08.02.2026 to observe the different types of species and which species are captured by the fishermen by using mechanized boats. We observed different types of fishes, crustaceans and study the biodiversity at Kasimedu fishing harbor, Chennai as a part of curriculum.

On 08.02.2026 we started at 5:30 am from SVSSC Govt. Degree College. Sullurpeta and reached Kasimedu fishing harbor by 7:30 am. We met the many fishermen in the harbor and asked them that how many days you spend in the ocean for capturing of fishes and what problems you are facing in the ocean during capturing. We collect the information from the fishermen about which type of species are captured by you mostly and prepare the species wise data at Kasimedu fishing harbor. We observed the different kinds of species during unloading from the boats. We collect the commercially and edible fishes for deep observation in our laboratory and we collected many species of fishes, crustaceans and molluscans for preservation and develop the aqua museum in our laboratory. After lunch we finished off our trip by 3:00 P.M and returned back to the College. The students were accompanied by Sri.,S,Srinivas, Lecturer in Zoology.

On this whole, the field trip was knowledge oriented and students got knowledge about the Biodiversity and environmental conditions at Kasimedu fishing harbor, Chennai.

A Report on Field Trip to Chinnapanduru

As a part of curriculum, the departments of Botany and Zoology and Eco-club committee organized a field trip for the B.Sc students to visit the Chinnapanduru village; Varadaipalem mandal ;Tirupati district in Andhra Pradesh. The place was very near to the Sri City economic zone.

On 14-11-2025 with the objectives of to create awareness among students about solid waste management, to encourage the students about social services and to maintain college campus clean. Students and staff reached to Chinnapanduru Grama sachivalayam seminar hall where brifiging on solid waste management to the students and village people by S.Srinivas,Lecturer in Zoology. SVSSC Govt Degree College, Sullurpet and Sri. P.Teja Convener of SAHAS (NGO). After that, students were pledged and participated in rally with different slogans in the streets of Chinnapanduru village. Students interacted with village people and have done door to door survey on different aspects of solid waste management. Finally we were visited solid waste dump area. After lunch we finished off our trip by the 3:00 P.M, and returned back to the College. The students were accompanied by the faculty members, Dr.P.Victoria Rani, Lecturer in Botany, Sri.S.Srinivas garu, Lecturer in Zoology, Sri.Yedukondalu, Lecturer in Telugu .

On this whole study tour was knowledge oriented and students got knowledge about the solid waste management by the visit of the Chinnapanduru village and we are saying thanks to the SAHAS NGO for their organization and hospitality.

Field Visit to Aquarium world at sullurpeta

As a part of curriculum the department of Zoology organized a field visit to the B.Sc (Botany) zoology minor and M.Sc Zoology students to visit the Aquarium world at Sullurpeta, in Tirupati district. on 10.03.2026 to know the different types of ornamental fishes and how to make the aquarium and skills to maintain the aquarium.

On 10.03.2026 we started at 10 am from SVSSC.Govt.Degree College, Sullurpeta and reached the aquarium world by 10.30 am. Where G.Bala Murali, manager and owner of aquarium world received us and show the aquarium world. He told that, there are variety of ornamental fishes and each species has its own beauty, colors and characters. He also told that, if you wish to maintain the aquarium you must have lot of patience and proper knowledge and also ornamental fishes needs proper regular aeration. If we fails to maintain the proper aeration, mortality will happen in ornamental fishes. Proper feeding is also essential for the survivility of ornamental fishes. Some times over feeding also cause diseases to the ornamental fishes. In the aquarium world students observed variety of ornamental fishes of different sizes and also observe different shapes of aquariums, which are made by transparent glass. We observed that the sanitation and hygiene play a crucial role in the maintenance of aquarium world because ornamental fishes are very soft and sensitive. In the aquarium world we also observed some beautiful pet birds for sale students took several photos in the aquarium world and they enjoyed a lot to see the beautiful ornamental fishes and pet birds. we complete the field visit by the 2:00 P.M and returned back to the College. The students were accompanied by faculty member Sri.S.Srinivas, Lecturer in Zoology.

Altogether the field visit was knowledge oriented and students got knowledge about the ornamental fishes and aquariums.
