REPORT

Every year National pollution control day is observed on 2nd Dec to raise about the pollution control methods and to prevent the industrial disaster. This is observed in the memory of people who lost the life in Bhopal Gas tragedy in 1984.

Department of Chemistry organised the National Pollution control day in Association with ECO Club. This meeting is chaired by Sri S.Srinivas Convener of ECO Club and HOD of Zoology and Dr. M.Uma Sankar Raju member of ECO Club and HOD of Botany.

In this meeting all the member have enlightened about the importance of this day and have also briefed how Bhopal Gas tragedy made disaster who are living in and around the industry. They also explained about the measures to adopt the prevention of harmful gas like MIC and other fuel gasses that come out of the industry. Students also actively participated and have given some valuable information about the day.

The Meeting is ended by the Oath of thanks given by Dr. A.Babu Naik HOD of Hindi .
